EXPERIENCE

FusionTech, Karnataka — Junior React Developer

SEPTEMBER 2020 - PRESENT

I am a React Developer at FusionTech. I have worked on the company's website and its client websites.

EDUCATION

Rajiv Gandhi Institute of Technology, Versova — B.E (IT)

AUGUST 2019 - JUNE 2023

I am currently pursuing my Bachelors of Engineering in IT field. Being a past CS student helps me understand concepts quickly and develop apps and websites.

PES Junior College of Science, Thane — PCM (CS)

JUNE 2017 - MARCH 2019

I completed my 11th and 12th with Computer Science as a vocational subject. I got to learn the basics of Software & Hardware, Programming and various other stuff.

PROJECTS

Amazon Clone Website — React, Redux, Firebase

It is an Amazon-Clone website designed using ReactJs

Zoom Clone App — Node, Heroku

It is a Zoom-Clone developed using NodeJs as a server and various libraries to communicate with other members. This clone currently supports only 2-3 features and is under development

SKILLS

ReactJS, Router, Redux
(Frontend Development)

MERN Stack, Firebase (Full
Stack Development)

Python
